CORE SKILL
CLUSTERS

SKILL CLUSTERS

Visualization & Analytics

Qlik Cloud, Qlik Sense, QlikView, Qlik Analytics Platform, ODAG, dashboard design, set analysis

Databases

MS SQL Server, Exasol, PostgreSQL, Oracle, MySQL/MariaDB, Vertica

Architecture & Methods

Source Analysis, Data Warehouse Architecture, Data Modelling, Dimensional Modelling, Mentoring, Scrum

ETL & Data Integration

TimeXtender Classic & DI, Talend Data Integration Studio, Informatica PowerCenter, Qlik Replicate

Development & AI

TypeScript, Node.js, React, Next.js, Playwright, Prisma, Anthropic Claude API, RAG pipelines, MCP servers

Infrastructure

Vercel, GitHub Actions, Docker, PowerShell, Windows Server, Salesforce, SuperOffice

CURRENT WORK

Tallmaker AS

Founder, CTO & Senior Solution Architect

Client delivery

Long-running data platform and analytics engagement for a wealth advisory business, covering warehouse architecture, Qlik analytics, customer-facing data products, and cloud migration work.

AI and product experiments

Alongside client work I spend substantial time experimenting with AI in different forms, including building internal tools, learning platforms, automation helpers, and product prototypes.

EMPLOYER TIMELINE

Tallmaker AS

2020-Present

Founder, CTO & Senior Solution Architect

Visma bWise AS

2012-2020

Senior Solution Architect & Tech Lead

Accenture

2000-2012

Analyst – Consultant – Manager

CERTIFICATIONS

- Qlik Sense Data Architect
- QlikView Developer
- QlikView Designer
- Informatica Developer

EDUCATION

Engineer

Computer Science, Oslo University College (Høgskolen i Oslo), 1999

SELECTED EXPERIENCE
